Hi John, I met you a few weeks ago when Helmi Hisserich set up the information session for the Stanton Fellows. It was a lovely rainy day at the Central Library – I think that may be the last day we'll see rain in LA this season!

I mentioned to you that I manage the Hollywood Entertainment District BID, and we are trying to put together a site visit with the library facilities team, a representative from the Gehry Foundation, and the council office (copied here) to strategize how to ameliorate some of the problems that are occurring in the nooks and crannies around the library. I am attaching a photo that was sent to me from a neighboring property this week. Also attaching several others from a walk through we did late last year – and this situation continues.

We need to discuss how to gate, and perhaps create fire access from the inside. We heard from the library staff that the Gehry Foundation would have to sign off on this. I will forward to you a second email that I sent to a representative at the Foundation in February. You can see that we've been attempting to make some traction since October.

John, thank you so much for connecting us with the right people.

We would be delighted to have a conversation with you about this. I've copied Cheryl Collins, our director of branch libraries. Many thanks for reaching out to us.

John

Thanks, John! Would mid-April work for a meeting, and could we do it on-site at the Ivar library?
